Challenge 2

Recipe for Integrity

Your challenge:

Integrity is made up of a lot of different things or “ingredients.” For this activity, write down or choose from the sheet, all of the ingredients you think go inside the recipe for integrity. Choose ingredients that describe actions, words, and deeds that demonstrate how to live with integrity.

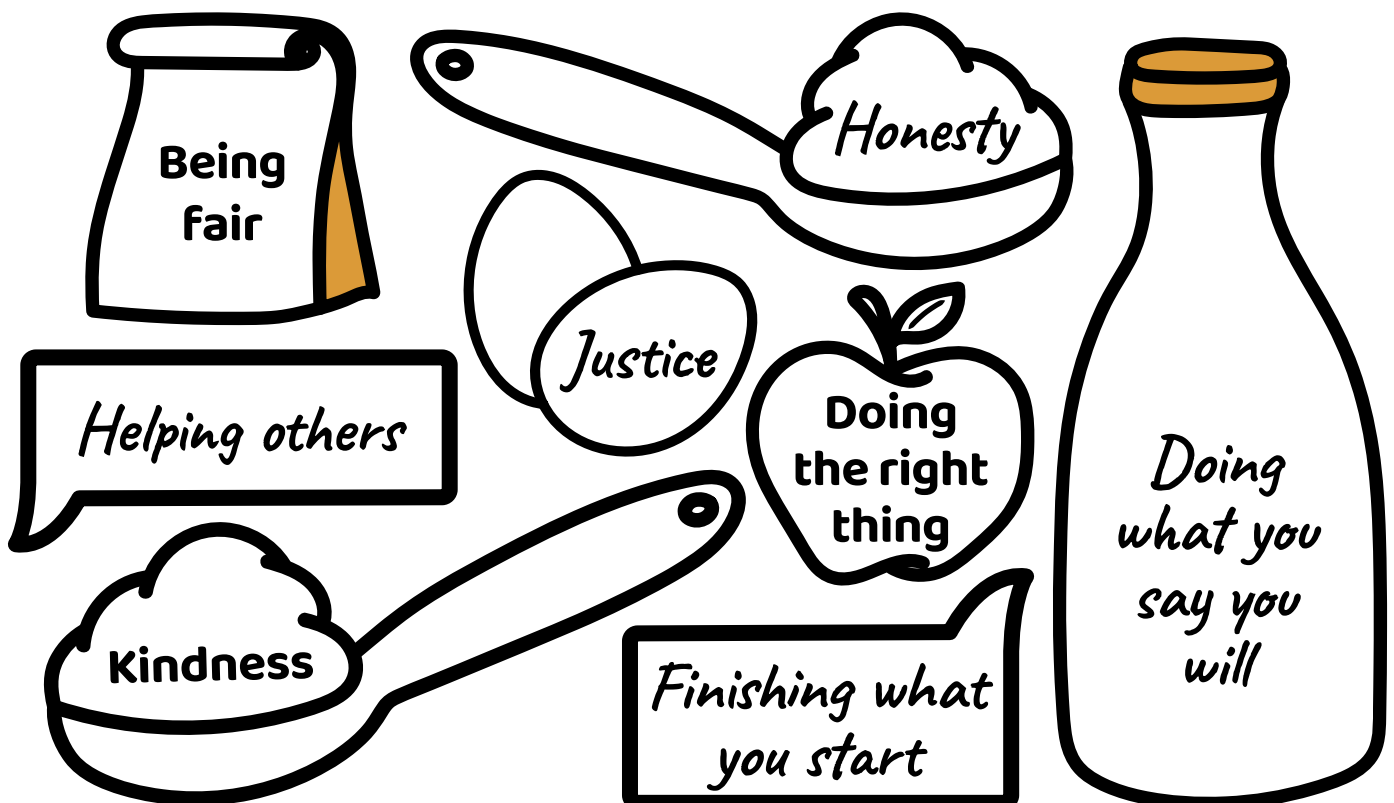

Colour in the words you think will make the best recipe. Cut them out and then stick them in your bowl on the next page.

Display your recipe somewhere that is easily visible at home as a reminder to act with integrity every day!

What you'll need:

1. Scissors
2. Colouring pens or pencils
3. Glue or tape

(Parents: This is a great way for you to have a discussion with your tamariki about the meaning of integrity, the importance of being honest and other important family values.)
